Safe Work by SRR Employees Leads to Another \$500 to United Way

AIKEN, S.C. (January 21, 2011) – Members of the Savannah River Remediation (SRR) Safety Wins All the Time (SWAT) Local Safety Improvement Team recently presented a \$500 check to the Edgefield County United Way in recognition of SRR employees working the month of September 2010, without a lost day of work due to injury.

Based on SRR's employee-based safety program, employees are provided opportunities to select a United Way-member charity for each month worked without an injury and the company donates \$500 to that charity.

SWAT members Jeanne Boykins (left) and Roger Staten presented the check to Edgefield County United Way Chairman Dean Campbell.

Savannah River Remediation is the Liquid Waste contractor for the U.S. Department of Energy at the Savannah River Site. SRR is composed of a team of companies led by URS Corp. with partners Bechtel National, CH2M Hill and Babcock & Wilcox. Critical subcontractors for the contract are AREVA, Energy Solutions and URS Safety Management Solutions.
