FONSI Available for the Proposed use of SRS Lands for Military Training (DOE/EA-1606)

The U.S. Department of Energy (DOE) has issued a finding of no significant impact (FONSI) for the final environmental assessment (EA) for the proposed use of Savannah River Site (SRS) lands for military training. The purpose of the proposed action is to provide the military with greater flexibility in developing training missions and strategies in response to rapidly changing world conditions.

An electronic copy of the final EA and FONSI may be viewed by directing your browser to <http://www.srs.gov/general/srs-home.html>. Requests for hard copies of the final EA and FONSI should be sent to:
